Shopmen Show a Lovely Array of Silk and Woolen Textures.

The Newest and Prettiest Things in spring Rounets - Mary Eyle Dailas Chats of Home and Society-The Lovely 01d Age of 30% Henry Ward Beecher Lively Femmine small Talk.

The really charming weather of the past few weeks has been a real inspiration to all those who have any pretense to fashion Easter week of last year is decidedly out shown by the new and claborate gowns, pretty bonnets, buts, gloves, parasois, Jowelry and the thousand and one small things needed for a complete Easter outfit. One would think that hard times were a thing of the past, judging from the costumes displayed this year in the realms of fashion. More care and better taste are shown this spring than ever before, for there are many new fusicions as well as fads.

They saw them gathered in groups of several till we are entering the harbor of Paggo-Pengo to-morrow evening.

And, as there was no more, I knew it would be unusually be dark in a few minutes.

But it was not Updandone who was quies places were out of provisions, and had to though not astern, blow with steady persist in his movements, the beat in which we built kill some of the reinder and dry the meat, to tency from the southwest, and the Alia flew gone ashore was alongstile, and obeying the entry along with them, but they killed only as over the waters with the grace of the alba- captain's shout, the two Sameona leaved into many as they needed. For many days after it with vim, but the rope was fastened in a they left the shores of that lake, and were As there was nothing for any one but the way that it took fully a minute to unloose. The coasting down the river, they saw great herds cans, or people who derive their incomes from man at the wheel and the cook to do. I had a time seemed cruelly long to me, but what of these reindeer, which lived on the short American sources, living in Europe, and that good chance to get acquainted with Upola, must it have been to Mr. Roberts and his awest grass, and green fresh moss, which is very nourishing and excellent. Let us hope it may be long before this beautiful herd at a cap-shaped foundation fitting saugly to the her great terror, and yet, as all her "occa- Flymouth church. She is a great admirer of urged that if any incomes are taxed they time in the employ of the American consul." This was the giad cry Upola sent from the God's matamed creatures is wantenly Brown of the head and composed entirely stone are those great crushes by which so- Dr. Lyman Abbott, her husband's successor, should be those of Americans who spend their at Apie, so that he spoke English fairly well, darkening water, and about fifty yards away sampleted by hunters, as the bison or buf-
